Dialectical materialism is a philosophy of science and nature developed in Europe and based on the writings of Karl Marx and Friedrich Engels.. Dialectical materialism adapts the Hegelian dialectic for traditional materialism, which examines the subjects of the world in relation to each other within a dynamic, evolutionary environment, in contrast to metaphysical materialism, which examines ...

Information security, sometimes shortened to InfoSec, is the practice of preventing unauthorized access, use, disclosure, disruption, modification, inspection, recording or destruction of information. It is a general term that can be used regardless of the form the data may take (e.g., electronic, physical). Information security's primary focus is the balanced protection of the confidentiality ...
