

animal rights and human pdf

Animal rights is the idea in which some, or all, non-human animals are entitled to the possession of their own lives and that their most basic interests—such as the need to avoid suffering—should be afforded the same consideration as similar interests of human beings.. Its advocates oppose the assignment of moral value and fundamental protections on the basis of species membership alone ...

Animal rights - Wikipedia

The animal rights movement, sometimes called the animal liberation movement, animal personhood, or animal advocacy movement, is a social movement which seeks an end to the rigid moral and legal distinction drawn between human and non-human animals, an end to the status of animals as property, and an end to their use in the research, food, clothing, and entertainment industries.

Animal rights movement - Wikipedia

Animal rights are benefits people give to animals. Benefits include the right of protection from human use and abuse and rights can take moral, legal and practical forms.

Animal Rights Introduction

The Institute for Human-Animal Connection (IHAC) focuses on human-animal interaction education, clinical training and research as an internationally recognized center within the University of Denver Graduate School of Social Work.

SYNOPSIS. During the past forty years, radical animal rights activists have elevated the value of animals to the moral equivalency of humans. They uncompromisingly insist that medical research on live animals, factory farming, and other practices that cause animals intense suffering and death should be legally forbidden.
