

annual product review sop pdf

An annual product review (APR) should be conducted for every commercial product. The purpose of this review is to verify the consistency of the manufacturing process, assess trends, determine the needs for changes in specifications, production, manufacturing and/or control procedures and evaluate the needs for revalidation.

Annual product review - Standard Operation Procedures

This procedure covers the receipt, logging, evaluation, investigation and reporting system of all complaints received from customers for the marketed products.
