Courage (also called bravery or valour) is the choice and willingness to confront agony, pain, danger, uncertainty, or intimidation. Physical courage is bravery in the face of physical pain, hardship, death or threat of death, while moral courage is the ability to act rightly in the face of popular opposition, shame, scandal, discouragement, or personal loss.

Though existentialism has roots in 19th-century philosophy, it became an influential philosophical movement only after World War II. Different values have been associated with this rubric, but one theme common to them all is that human beings come to existence and then make up a purpose for themselves.
