Specification Templates for Corian® and Zodiaq® | DuPont

Corian is a brand of solid surface material created by DuPont. Its primary use is as a countertop/bencht top surface, though it has many other applications. It is composed of acrylic polymer and alumina trihydrate (ATH), a material derived from bauxite ore. Corian is the original material of this type, created by DuPont scientists in 1967. A number of direct solid surface competitors to Corian ...
