Huntington Grinding Wheel Dressers: Over six decades of experience yields the industry's best instrument. Huntington Grinding Wheel Dressers, widely used in shops and foundries, consist of star-shaped cutters and spacers made of heat-treated high-carbon steel.

KutRite Huntington Grinding Wheel Dressers, Replacement

Grinding, (also known as juking, freak dancing or freaking wining) is a type of close partner dance where two or more dancers rub or bump their bodies against each other, most often with a female dancer rubbing her buttocks against a male dancer's crotch area. The male dancer will typically place his hands on the female dancer's waist, hips, or buttocks.

Grinding (dance) - Wikipedia

A grinding dresser or wheel dresser is a tool to dress (that is, slightly trim) the surface of a grinding wheel. Grinding dressers are used to return a wheel to its original round shape (that is, to true it up), to expose fresh grains for renewed cutting action (including cleaning away clogged areas), or to make a different profile (cross-sectional shape) on the wheel's edge.
