Followers want comfort, stability, and solutions from their leaders. But that's™s babysitting. Real leaders ask hard questions and knock people out of their comfort zones. Then they manage the resulting distress.

### **The Work of Leadership - Harvard Business Review**

Steering an organization through times of change can be hazardous, and it has been the ruin of many a leader. To avoid the perils, let a few basic rules govern your actions—and your internal compass.

### **A Survival Guide for Leaders - Harvard Business Review**

In response to the early criticisms of the trait approach, theorists began to research leadership as a set of behaviors, evaluating the behavior of successful leaders, determining a behavior taxonomy, and identifying broad leadership styles. David McClelland, for example, posited that leadership takes a strong personality with a well-developed positive ego.
