1. What led to Doxil® development: OLV-DOX. Development of Doxil was initiated in Israel and the USA ~ 14 years ago when it became evident in a "first in man" (FIM) clinical trial by Gabizon and Barenholz that a "first generation" liposomal doxorubicin did not justify further clinical development despite an elevation of drug MTD (rev. in).

Doxil® – The first FDA-approved nano-drug: Lessons learned

As a hit-driven business, the great majority of the video game industry's software releases have been commercial failures. In the early 21st century, industry commentators made these general estimates: 10% of published games generated 90% of revenue; that around 3% of PC games and 15% of console games have global sales of 100,000+ a year, with even this level insufficient to make high-budget ...
