

nursing fundamentals study and pdf

The Nursesâ€™™ Health Study and Nursesâ€™™ Health Study II are among the largest investigations into the risk factors for major chronic diseases in women.

Nurses' Health Study

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...
