Etymology. The Austrian School owes its name to members of the German historical school of economics, who argued against the Austrians during the late-19th century Methodenstreit ("methodology struggle"), in which the Austrians defended the role of theory in economics as distinct from the study or compilation of historical circumstance.

Description of Capitalism: A Treatise on Economics. Aimed at both the intelligent layman and the professional economist, and written in language that both can understand, this book is the most comprehensive and intellectually powerful explanation of the nature and value of laissez-faire capitalism that has ever been

written.
